

## New Mondeo from Cab Direct

Airport cab operator Stephen Argent is enjoying the benefits of no less than four new Ford Mondeos purchased from Cab Direct.

Stephen and business partner Thomas Sowerby have owned Stansted Airport Cars for two years now, employing drivers to transport business travellers, holiday makers and airline crew.

### Bags of Space

With lots of luggage-laden passengers to cater for, space is something high on the list of priorities for Stephen when choosing a taxi. Thankfully, space is the Mondeo's trump card. In fact, at 96mm longer and 120mm wider than its predecessor, the new Mondeo is one of the largest vehicles

in its class and opting for the estate model, as Stephen did, ensures you can make maximum use of the luggage capacity benefits.

Stephen comments: "Being based at the airport, it is essential to be able to accommodate a lot of luggage. And as we have contracts with various airlines to transport their crews, sometimes on trips lasting hours, comfort is crucial too. The Mondeo has both in abundance! There's loads of leg-room and the comfort levels are excellent, for both the driver and passengers."

Whether on a short trip to the local shops or a long journey out of town, with such an impressive spec list and superb build quality and design, Mondeo passengers are assured a relaxing and enjoyable experience every fare.

### Reliability

There's little doubting the Mondeo's reputation - another major plus point for Stephen. Low servicing costs, a highly economical diesel engine and advanced technical features, such as integrated driving and handling systems, combine to make the Mondeo the perfect partner for the hard working taxi driver.

"My vehicles are on the road 24 hours a day and I need a car that's both reliable and fuel efficient. The Mondeo fits the bill perfectly. The engine is fantastic - I've never had any problems at all," said Stephen.

### Full of Praise

Not only is Stephen delighted with the new additions to his fleet but, he says, all his drivers are all pretty impressed too: "They love it. I've had lots of comments about what a great drive it is - but then I wouldn't have expected anything less from Ford."
